

- **Occupancy Validation** from the folks who brought you Incident Validation
- Works on default and Custom Tabs in FireRMS 4.7.25 and above
- **140 Sample rules** including rules for email address validation for your Occupancy Contacts.
- Validate **ANY field** against **ANY OTHER field** even Custom Tabs
- **Error Levels** are **User Controlled** and **Error Messages** are **User Defined** and in plain English

The screenshot shows the "Occupancies" application window. At the top, there's a menu bar (File, Edit, Help) and a toolbar with icons for New, Delete, and Create History. A red box highlights a validation button icon. Below the toolbar is a search bar containing "25/7 PROTECTION INC". The main area has tabs for LIST, OCCUPANCY INFO, PREVENTION INFO, ACTIVITIES, LETTERS, RECURRING SCHEDULE, and ATTACHMENTS. Under the LIST tab, there are view options and a search filter. A table lists various occupancies with columns for Name, Location, Number, Station, Complex, and History.

Name	Location	Number	Station	Complex	History
25/7 PROTECTION INC		ValleyW17750	51 - Station

- The Validation Button (shown in the red box) is available anytime.
- You can Validate the Occupancy without having to open it.
 - Simply select the desired Occupancy from the grid and Validate it!
- You can Validate the Occupancy from any screen inside the Occupancy Tabs
- Same familiar RULE Creation interface
- Same familiar process to Load RULES
- Same familiar validation report!
- For more info check out our web site www.myfirerules.com
- Need better data to make, better decisions or better reporting?

The screenshot shows the "Validation Results for 25/7 PROTECTION INC (ValleyW17750x)" window. It displays search criteria: "As of 09:25:37", "177500 W Valley HWY", "51 - Station 51", and "1234546". Below this, a list of validation errors is shown, each with a description and a reference to a specific rule. At the bottom, there are counters for "Fatals" (65) and "Warnings" (0), along with "Fatal errors found!" and "Cursor" buttons. A footer contains "My Validator 2.1.3 Copyright (c) 2011 The Rules Guys Inc" and buttons for "Refresh", "Print", and "Done".
